PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, JUNE 7, 1918

COUNCIL OF DEFENSE CALLS ATTENTION TO VAGRANT LAW

Mr. Arthur B. Hancock, of Paris, County Chairman of the Council of Defense, has received the following letter from the headquarters of the State Council of Defense, at Louisville, calling attention to the enforcement of the vagrancy law, which was enacted at the last session of the Legislature. The letter follows:

"Louisville, Ky., June 4, 1918. "Mr. A. B. Hancock, County Chairman Bourbon County Council of Defense:

"At the last meeting the Kentucky Council of Defense instructed me to call your attention to the Vagrancy Law, passed by the Kentucky Legislature at its last session, and to request you to urge your County Attorney to enforce this law, which makes it a crime for any able-bodied male resident of this State, between the ages of sixteen and sixty, except bona fide students during school term, to fail or refuse to regularly and steadily engage for, at least, thirty-six hours per week in some lawful and recognized business, profession, occupation, or employment, whereby he may contribute to the support of himself, and those legally dependent upon him, and prescribes severe penalty for the offense thus created.

"Please see your County Attorney at once, and urge him to have this law enforced. The published acts of the Legislature of the last session will be issued within a few days, and through them the County Attorney will have access to the Vagrancy Law. Give such publicity to this law as you think wise.

"EDWARD W. HINES, "Chairman Kentucky Council of Defense.

SERVICE IS THE SOLUTION

Of how to economize in clothes. Buy clothes that wear—ours wear because they are all wool—\$18 to \$40. J. W. DAVIS & CO.

PUBLIC SALE OF SEVENTH ST. RESIDENCE.

Having decided to leave Paris, I offer at public auction my residence on Seventh street. Sale Saturday at 2 p. m., June 15. Practically new frame house with 8 rooms, pantry, bath complete, gas and water, yard, garden, fruit trees, etc. Lot 60x305 feet. For particulars, see Harris & Speakes. (7-14) T. A. HENDRICKS.

NINETY-SIX YOUNG MEN REGISTERED HERE WEDNESDAY.

Under the provisions of the order of Provost-Marshal General Crowder requiring the registration of all young men who have attained their legal majority since June 5, 1917, ninety-six young men of Paris and Bourbon County registered at the office of County Clerk Pearce Paton, in the court house Wednesday.

The work of registration was carried on under the auspices of the Bourbon County Board of Exemption, composed of Chairman C. A. McMillan, Dr. Silas Evans and County Clerk Paton. The registration was a very quiet and orderly affair, the young men appreciating the gravity of the situation, and the importance of the step they were taking. Those who registered were for the greater part residents of the city, with a scattering number from the country.

While the act of Congress requires the young men who registered Wednesday to be placed at the bottom of the class to which they are assigned many of them will soon be called to the colors, as the requisition upon the Governors will exhaust the first class in some States. Registration days for men becoming twenty-one years of age will be probably held every three months hereafter.

K. OF P. OFFICERS.

At the recent meeting of the K. of P. Lodge the following officers were elected for the ensuing year:

Chancellor Commander, Thos. M. Funk; Vice Chancellor, George Tillet; Prelate, Dr. W. R. Franklin; Master of Work, D. Y. L. Farley; Keeper of Records and Seal, Ira Bowen; Master of Finance, John Cahal; Master of Exchequer, P. M. Heller; Inner Guard, Thos. Harp; Junior Guard, C. W. Fothergill; Trustee, D. Y. L. Farley, Edgar Tingle and Perry McCord.

LAST DAY FOR FILING SUITS IN CIRCUIT COURT.

As the June term of the Bourbon Circuit Court will begin Monday June 17th. To-day is the last day on which suits may be filed in the office of the Circuit Clerk Wm. H. Webb. He and his assistants are busily engaged in preparing the docket of Civil and Criminal Cases, and the attorneys interested in the suits are as busily engaged in preparing the cases for hearing. The docket for the June term comprises a large number of Civil and Criminal cases.

IN THE SERVICE OF THEIR COUNTRY.

Sergt. Z. E. Harrison, arrived from Camp Zachary Taylor, near Louisville, Thursday night. Sergt. Harrison came from military scenes in order to sing the refrain, "The girl I left behind me," which he did at a certain home on Main street.

Lieut. Robert Jones, who has been in France for some time, is a guest at the home of his parents, Mr. and Mrs. Wm. Jones, in North Middletown. Lieut. Jones has been sent to America for a special course of training in the Officers' Training School.

Mr. and Mrs. Jos. W. Davis have received a postcard from their son, Mr. Jo Davis, Jr., from the Great Lakes Naval Training Station, near Chicago, stating that he had arrived there safely, was in good health, and liked the place to well that he had concluded to remain a while.

First Lieut. Milton J. Stern, of Paris, who has been stationed at Camp Wadsworth, near Spartansburg, South Carolina, has been assigned to service on the eye and ear board of examiners for the Second Pioneer Infantry at the Camp. These examiners have been detailed for special duty for the examination of all incoming draft troops arriving at the depot for corps and army troops.

Lieut. Jay Petree, of Cincinnati, is a guest of his aunt, Dr. Martha Petree, at her home on Vine street. Lieut. Petree is a member of the United States Army Aviation Corps, and is stationed at Kelly Field, in Texas. Dr. Petree now has three nephews in the aviation service, one in France, and two in Texas.

Mrs. Davis Hutchcraft, who is visiting at the home of her mother-in-law, Mrs. J. Perry Hutchcraft, in East Paris, received a telegram from her husband, stating that he had just received his commission as Lieutenant, and would probably be transferred to Ft. Pike, near Little Rock, Ark.

Capt. William Collins, who has been a guest of his parents, Mr. and Mrs. John T. Collins, at North Middletown, has returned to Camp Taylor. Capt. Collins was accompanied by his guests, Maj. Gerfen, of Pennsylvania; Capt. Brown, of Rhode Island; Capt. Lane and Schafer, of Indiana, and Lieut. Heich, of Louisville.

A letter received by Mr. and Mrs. Chas. A. Buchanan, of Paris, from their son, Clarence Buchanan, states that he had been promoted from the position of stenographer for Co. B, 149th Infantry, at Camp Shelby, to that of stenographer at the regimental headquarters of the 149th. Young Buchanan was in the employ of the Power Grocery Co., at Paris, before enlisting in the army.

Among the recent enlistments made here by Recruiting Officer Sharp, who has headquarters at the Windsor Hotel, are Nathan Bayless, Jr., who has been assigned to the Veterinary Division of the service at Ft. Thomas; Wm. H. Galbraith, Ora L. Honican and Jennings Brewsbaugh, of Paris, who have been placed in the infantry service at the same post.

Corporal Teddy Shannon, of Paris, a former attache of the Paris Democrat, has arrived home on a furlough visit to his parents, Mr. and Mrs. Timothy Shannon, in this city. Corporal Shannon was transferred from Camp Zachary Taylor to the aviation service at Camp Bowie, near Ft. Worth, Texas, and later to the aviation camp near Omaha, Nebraska.

A letter from Mr. Landen Templin, formerly of Paris, who went to the Great Lakes Naval Training Station a few weeks ago says, in part: "We are located on the lake, and are six miles from the Great Lakes Training Station. I think we will get up there Sunday on an inspection trip. I have only been here two days, but I like it better every minute. The grub is fine. Certainly would like to see THE NEWS."

Lieut. Percy A. Thompson, who is stationed at Camp Custer, near Detroit, Mich., accompanied by Mrs. Thompson, is here for a short visit to friends. Their two children, Martha Thompson and James Thompson, stopped over in Covington for a visit to their grandparents, Mr. and Mrs. John Thompson. Lieut. Thompson is in the pink of condition, and received a warm welcome from his old friends in Paris.

Among the young men who registered in Lexington, Wednesday, under the requirements of the new law were June Peddicord, son of Mrs. John Arkle, of Paris, Charles E. Planck, who formerly resided in Paris, where he was in charge of a loan agency, and Joseph E. Bonfield, who was for a long time local agent for the Bluegrass Traction Co. in this city, and Wayne Cottingham, formerly of Paris, now on the staff of the Lexington Herald.

Mr. Stanley S. Dickson, son of Mrs. Allie Dickson, of North Middletown, graduated at Princeton University on May 27, completing the post-graduate course, and receiving the degree of Master of Arts. On May 28 Mr. Dickson enlisted in the navy, and went to Newport, R. I., where he entered the Naval Reserve. He

will not be twenty-one years old for several months yet. Mr. Dickson graduated last June from Centre College, at Danville, getting a Bachelor of Arts degree. From there he went to Princeton.

Following the address of Capt. R. E. Blackerby at the meeting of the Bourbon County Medical Society, when he asked for physician volunteers in the army service Dr. J. T. Brown and J. A. Orr, of Paris, arose and signified their willingness and readiness to enlist. They were immediately examined and their applications forwarded to Surgeon-General Gorgas, at Washington. Dr. Roher, of Berry, also volunteered at the same time and place, and his examination and application papers were also forwarded. When their papers are fully approved they will be inducted into the service as active members of the Army Medical Reserve Corps.

A letter from W. O. Pennington, one of the Bourbon county boys in the United States Navy, stationed on the Atlantic coast, says, in part:

"I have just received the first copy of THE NEWS since last November. It certainly was appreciated. I think I have read about everything in it. I assure you that there isn't a Bourbon county boy in the navy that would be better satisfied with a paper than they are with THE NEWS. I was in an Atlantic port last Saturday, and while there saw young Welch, of the Mississippi. He is in perfect health and is as large as anybody. Welch is a nephew of Mr. John Chism, of Paris. I am going to try to make a visit to Ben Leach and Carl Mike this week, as I have not had a chance to see them yet. Ed Doty and me are together once or twice every month. He is about the only Bourbon county boy that I get to see often, and we are getting to be old-timers on our ships now. If the time passes in the future as quickly as it has in the last fifteen months we will be good enough to catch two or three Kaisers. Well, there goes the call to mess, and that means something to me, so good bye for this time."

Writing from Chester, Pa., where he is stationed in the shipbuilding branch of the service, Kimbrough Duval, son of Mr. and Mrs. George Duval, who left Paris some time ago as a volunteer, says, in part:

"Are the boys still leaving good old Paris? I guess we have a very good job here now, one that will hold us for a while, but honest, we like it fine. There are only 300 of us here, but there is another bunch here in Chester, some place, John A. McNamara, George Leslie and I are the only Bourbon county boys here. The others are over in the other camp. The people here are very kind to us, and send us something every day. We are all under quarantine and will be for ten days. Some of the boys are a little homesick, but they are getting over it now, as we are having a fine time in camp. I was surely glad to get into a camp in the northeast instead of the south. We go as recruits to the regular army, instead of the National army. I don't know how long we will be here, as we may leave for another camp at any time. A drafted man from Winchester, whose name I will not give, refused to put on a uniform at Ft. Thomas. I think he will get about ten years in a Federal prison. All the boys now seem very well satisfied. I know I am. The Red Cross people came out this afternoon with cigarettes and things. I will certainly be glad when this quarantine is declared off, for I want to take a look at the old town. Just heard the mess call and you know that is where I shine, for they certainly do feed you good out here. Will send you my permanent address soon. At present I am with the Sun Shipbuilding Co., at Chester."

Jack Turney writes from Camp Zachary Taylor to THE NEWS, at follows: "Am just twenty-eight years old to-day and the Mayor of Louisville has ordered all business houses, except the saloons closed, in honor of the event, so why should I worry. If I can register here I will surely vote for him. The officers here at the Camp are also very considerate and complimented me on my birthday by letting me eat as usual, after they did. How the tip got out that this was the big handicap I don't know, but such is life. Fielding Rogers has gone to the Officers' Training Camp for something bigger, but as I am now getting a dollar a day, guess I'll stick around the Camp for a while. We have been issued shoes that would make like Duffy's look like triple 9's. A fellow doesn't know where he is going, but just follows his shoes. No wonder leather is so high and scarce, for it's all down here. Tell Oscar Hinton I was out on the golf links this morning, but I carried a gun instead of the regulation golf clubs. Some of the boys, seeing the holes, asked permission to get a drink. Just overheard a conversation between two 'rookies' in which one of them told of a lonesome wife running off with another man because her husband was here in Camp Taylor. By way of consoling him the other 'rookie' said: 'Hell, that ain't no worse than mine. She left me before I was drafted.' To show how game the boys are, he swears he will have her back after the war. The lesson of duty is very strongly fastened in their hearts. Hope you are all well and happy. My new address is Private Andrew Jackson Turney, 4th Section, 34th Company, 9th Battalion, Depot Brigade, Camp Zachary Taylor, Ky."

BOURBON OIL & DEVELOPMENT COMPANY—ITS ORGANIZATION AND PROGRESS.

This Company was organized less than eleven months ago and has made wonderful progress since its organization. It has grown from a small wildcat company with only 5,000 acres of leases in then unproven fields to a substantial producing company, with an estimated production of 300 barrels daily ready to put upon the market as soon as pipe lines can be laid, and in addition 33,000 acres of carefully selected leases, a greater part of which are in proven fields.

ELLIOTT COUNTY.

What "Industrial & Mining Age," New York City, has to say about Bourbon holdings in Elliott county: "The field manager of the Rice Oil and Appalachian Oil Companies telegraphed on Thursday that a well making 50 barrels a day had been brought in by the Bourbon Oil & Development Company in Elliott county."

On this lease alone there is room for 300 such wells, which would give the Bourbon Company several hundred barrels of production daily, returning to the stockholders big dividends on their investment. "The Bourbon acreage is on the western slope of the Anticline," and also lies on the top of the dome, as well as sides.

"Both the Rice and Bourbon Oil wells are located high up on the anticline and it is precedent that within the limits of the pool. As drilling goes down on the flanks of the anticline the size of the wells increase." "The Bourbon's discovery is simply another stride in the progress of the development operations begun by the Rice Oil Co. to prove up the theories of eminent geologists on the strength of whose findings the Rice Oil Co. became an argonaut in the Elliott county field. These geologists have said that there occurs in Elliott county the biggest oil structure that has yet been found in the whole State of Kentucky."

"A 50 barrel well in the Berea sand is figured to be equal to a 250 barrel well in the other producing sands in Kentucky. It may be expected to run for decades with only a small decrease in production, and is valued at about \$200,000."

"The Bourbon Oil & Development Co. may now also be relied on to institute an aggressive drilling campaign to develop production."

PAINT CREEK DOME.

This company has about 2,500 acres in Johnson, Lawrence, Morgan and Magoffin counties on what is known as the famous "Paint Creek dome," and where the Federal Oil Co., P. J. White, Karl K. Dresser and others are operating, and developing a very promising field. The Central Kentucky Natural Gas Co. runs directly through this acreage and the company has agreed to take all gas

FORMER PARIS MAN RECOVERING FROM BURNS.

Mr. T. Clarence Erringer, formerly of Paris, who was so severely burned by an explosion of gasoline on his fruit ranche near Fillmore, Cal., that his life was despaired of, is now on the road to recovery. A postcard from Mr. Erringer states he is "somewhat disfigured, but still in the ring." The Los Angeles, Cal., Examiner, says:

"A remarkable instance of the success attained by the medical profession in treating severe burns, is shown in the case of T. C. Erringer, a rancher of Piru. He was discharged from the Pacific Hospital here ten days after he had lost, from burns on the arms, legs and body, a surface skin covering 84 square inches. Erringer was burned several weeks ago while attempting to fire some brush on his ranch, using gasoline. Physicians of his vicinity declared his case hopeless. The new 'perriessene' (paraffine) treatment was administered by Dr. Earl Sweet. Not a scar is expected to remain. Erringer is at the Rosslyn Hotel, convalescing."

Mr. Erringer's many friends in Paris will be highly gratified to learn of his progress toward recovery, and they hope it will be steady and permanent.

AUCTION.

Used Furniture to be sold at C. O. Hinton store room, on Saturday, at 2 o'clock. Beds, Dressers, Sideboards, Tables, Chairs, Kitchen Cabinets, Stoves and Rugs. (1t)

POLICE CHIEF AT CONVENTION.

Chief of Police Fred Link, Mrs. Link and little Miss Hazel Link, of Paris, are attending the four-day session of the International Association of Police Chiefs, at Kansas City. During their stay they will be guests of Mr. and Mrs. Charles Link. Patrolman Robert Lusk is acting Chief of Police in Chief Link's absence.

produced. This property alone will be worth millions of dollars when developed.

ESTILL AND LEE.

The Company now has about 250 barrels of production daily in Lee and Estill counties ready to put upon the market as soon as pipe line connections can be made. The holdings of the company consists of about 200 acres in the Ross Creek field and about 250 acres in the Miller's Creek field, and about 150 acres on Big Sinking and Eastern part of Lee county. The company also has several thousand acres of other leases, a great deal of which is near drilling wells. The company brought in a 100 barrel well on Ross Creek, Friday.

This paper has enlisted with the government in the cause of America for the period of the war.

EDITORIAL MUSINGS.

Intensive Farming.

If it is now up to the farmer to save the world—if his part is just as important as the ammunition maker or the ship-builder—if "food will win the war"—then every right-thinking farmer will agree that it is really his most important business just now to make every inch of his ground produce the utmost—in other words, that he must put into practice every known device that will aid him in the furtherance of this project.

People, generally, know that there has been waste everywhere in the past, and this does not mean in the city alone, but on the farm as well—acres and acres of uncultivated land, or land that could be made to produce at least a little more than it has.

In cities, municipal gardens are being planted on every available plot of ground, and this will help, but it is on the farms, where men really understand the soil, its needs and its possibilities—that the most good can really be done.

Every good farmer should know his soil and of course he should not abuse it or make it barren for succeeding generations. He would not think of taking his best racing horse out and making it do work that would disable it for the track—nor should he take all the best elements out of the soil without replacing them.

Patriotic farmers—and most farmers are patriotic—can help their Government immensely at this time by studying and planting so that they will get the most out of the soil, without destroying its soil value—by planting intensively, by growing two ears of corn, or two blades of wheat where one grew before—by taking his place in the forefront of this great war as being "the man behind the guns"—furnish food to Uncle Sam's army across the seas.

What will he receive in return? First, the consciousness that he has bravely supported the nation—that he has as truly given of his substance as the man who comes home crippled for life, or the man who does not come home at all—that he will have no feeling of having shirked his duty or deserted his Government—the best Government on earth—in the time of her trial.

Second, he has not robbed his children by taking everything from the soil and giving nothing, but has rather taken the necessary steps to build for the future.

Third, he will have nobly played his part in making the world safe for democracy.

The farmer can be depended upon to do his duty in this matter, and no political bias can turn him aside from the one straight and narrow path of duty for farmers are patriotic.

Perils of the Land.

A distinguished minister addressing an audience of sailors in New York tells them that there are more perils for Jack ashore than for the star who is upon the brine.

This probably is true literally and can be proved by statistics. Ashore there is rum and vice and the probability of violence. At sea there are the dangers of the deep, but hardly any other dangers.

In a hazy sort of way we recall an old sea dog of a half forgotten

novel—was it the work of the Hes-Pilot—who said, lamenting that some of the ship's crew were in no condition for service after having had a junket ashore, that there should be no land on earth save a little upon which ship timbers could be had. It probably is true that a young man's chances of life would be better today in the American navy, with the country at war than are the chances of many young men amid the perils of an idler's life ashore, and the navy wants 100,000 men.

Here's an opportunity.

A Much-Needed Law.

There have been efforts in the past to provide a means whereby people might be protected from swindling stock-jobbing schemes, like fake oil companies that are now advertising their stock for sale, together with very seductive write-ups. There should be some check put upon those fellows. The fact is that if they had the "good thing" they so glowingly picture to the credulous public they would not allow a share of the stock to get away from them. If the newspapers who carry those advertisements were forced to assume responsibility for the truth of the statements made they would be a little more careful in advertising them.

Who Laughs Last.

Who laughs last laughs best. Twenty weeks ago the comic weeklies found their commonest theme in the difficulties of the motorist whose machine was towed in by the mules. Nowadays mules are shipped in motor trucks.

The first mail plane—no not mail train—which left Washington recently became disabled and the mail was turned over, at Worford, Md., to other carriers. So far, so bad, but if we live as long as we feel to-day we shall live if prices of bread and meat do not go up so high that they will starve us out we expect to see regular mail service between all important cities by air routes. The Washington-New York service is a mere starter.

THE LATONIA DERBY

It is generally anticipated that the approaching race meeting of the Latonia Jockey Club, scheduled to open at "Fair Latonia" on Friday, June 14, and continue for 26 racing days, until and including Saturday, July 13, will be a record breaker in every way.

It will be a solid month of the finest racing to be had in America. The very cream of American thoroughbreds are under engagement to take part in the various important events that are scheduled for decision during the progress of this meeting, which has come to be the greatest of western race meetings, thanks to the sagacious management of John Hachmeister, who presides over the destinies of this popular track.

Latonia has made rapid strides in popularity during the past few years, but the chances are that the coming meeting will set a new standard for the future in all important respects. All of the race meetings on Kentucky tracks this season have been marked by record breaking patronage and everybody looks for Latonia to go them all one better.

The big event of the meeting, the \$15,000 Latonia Derby, in which the star three-year-olds of the season will race one mile and one-half, will be run on June 22, the second Saturday of the meeting. Dates for the running of other important events have been assigned as follows:

Inaugural Handicap, \$2,000 added, for three-year-olds and over, one mile and one-sixteenth, Friday, June 14, (opening day.)

Enquirer Handicap, \$1,500 added, for three-year-olds and over, six furlongs, Saturday, June 15.

Clipsetta Stakes, \$2,000 added, for two-year-old fillies, five furlongs, Wednesday, June 19.

Harold Stakes, \$2,000 added, for two-year-old colts and geldings, five furlongs, Wednesday, June 26.

Merchants' Selling Stakes, \$1,500 added, for three-year-olds and over, Saturday, June 29.

Independence Handicap, \$2,500 added, for three-year-olds and over, one mile and three-sixteenths, Thursday, July 4.

Valuation Selling Stakes, \$1,500 added, for two-year-olds, five and one half furlongs, Saturday, July 6.

Quickstep Handicap, \$2,000 added, for three-year-olds and over, six furlongs, Wednesday, July 10.

Cincinnati Trophy, \$4,000 added, for two-year-olds, six furlongs, Saturday, July 13.

Wednesday, July 10, and Wednesday, July 19, will be set apart as ladies' days, on which occasion ladies accompanied by escorts will be admitted to the track free of charge as the guests of the management.

GAS COMPANY TO HAVE ADDED SOURCE OF SUPPLY

The Central Kentucky Natural Gas Co., whose pipe lines supply Paris, as well as the surrounding towns, has closed a contract with the Local Oil & Gas Co., with headquarters in Winchester, for the entire production of gas from their three wells near Mize, in Morgan county. The production of these wells is approximately three million feet of gas per day, and will be used toward supplying Mr. Sterling, Winchester, Paris and Lexington.

With this new source of supply, such conditions as prevailed last winter because of the shortage of gas will be practically eliminated. Connections from the wells to the main pipe line are now being made.

WILL OF W. T. FICKLEN ADMITTED TO PROBATE.

The last will and testament of the late Mr. Wm. T. Ficklen, who died in Paris recently, was probated in Judge Geo. Batterton's Court Tuesday. The instrument bore the date of April 21, 1918, and was witnessed by Messrs. Charles B. and Forrest B. Thomas.

The testator provided first for the payment of all just debts and his funeral expenses, and further provided for the sale of his property, consisting of the brick business house opposite the Paris Court House, and some personal property. The estate was disposed of to relatives as follows:

To his cousin, Mrs. Lina Darnell, of Davies County, testator's gold watch and invalid chair. Also, \$100 in cash.

To his cousin, Mrs. Bertha Lockhart, \$100.

To his cousin, Mrs. Flora Belle Jones, of Louisville, \$100.

To his niece, Mrs. Dollie McCarley, of Oklahoma, \$200.

The remainder of the estate is given as follows: One-third to Mr. Ficklen's sister, Mrs. Mary Chase; one-third to the children of his sister, Mrs. Artie Bishop, and one-third to the children of Mr. Ficklen's sister, Mrs. Bettie Cassidy.

Mr. George W. Stuart, of Paris, a cousin of Mr. Ficklen, is named as executor of the estate and the Court is requested to require no bond of him as such.

COLLEGE PAPER PAYS PARIS BOY TRIBUTE

In the last issue of the Center College Cento, the official publication of the student body of Centre College at Danville, pays a deserved tribute to a well-known Paris boy, Mr. John Ardery, who recently graduated at that institution with high honors. The article, which is headed by an excellent half-tone likeness of Mr. Ardery, follows:

"John Breckinridge Ardery, Kappa Alpha; Paris, Kentucky; Born March 7, 1896; graduated Paris High School; entered Centre College 1914; member Science Club, 1918; Chamberlain Literary Society, 1916-17-18; vice-president, 1918; vice-president Junior Class, 1917.

"Perhaps no member of the class which is now about to depart from this College will feel the solemnity of that word 'Good Bye' as did John some four weeks ago when he left our midst and went to shoulder his rifle and fight for the freedom of the world and the good of humanity. John grew to love his Alma Mater as much as anyone who has graduated from her within recent years. Possessed of a stately and dignified air he impressed one at first sight as a celebrity of the most modern type. Perhaps his greatest achievements were accomplished in the class in Public Speaking. He had just the style calculated to bring tears, to sway the multitude and to melt the heart of stone to mutiny and pity. He was also a bright light in Greek Literature, where he acquired the name of Poseidon, renowned Shaker of the Earth. Now that John's career at Centre is ended he leaves a host of friends who will always be interested in his welfare."

FEEL LIKE GIVING UP?

Many Paris People On the Verge of Collapse.

A bad back makes you miserable all the time—Lame every morning; sore all day. It hurts to stoop—it hurts to straighten.

What with headache; dizzy spells, urinary weakness—No wonder people are discouraged. Who do not know the kidneys may be the cause of it all.

Give the weakened kidneys needful help. Use a tested and proven kidney remedy.

None endorsed like Doan's Kidney Pills.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints and if I should need a kidney remedy again, I would certainly take Doan's."

Mrs. Mastin is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Mastin had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When your back is lame, remember the name."

PITILESS PUBLICITY.

John King, of the Hemet (Cal.) News, is pursuing the proper course in the cases of those suspected of being pro-Germans. John just tells their names to the world, and the neighbors do the rest. Last week the News found a suspect and immediately published him by name. The Leader will give the results attained after the next News is published. The Leader has given fair warning to the slackers and suspects and after this will follow the rule of the News.—Beaumont (Cal.) Leader.

The Irish question is always disturbing the English Parliament. Just now it takes the form, "Is the shillelagh mightier than the sword?"

If you want a man to think that you are a real fellow, get up on his hobby with him and take a long ride.

EXPECTS FULL RELIEF FROM RHEUMATISM

Lexington Woman Is Out Strong For the New Tanlac Rheumatism Treatment.

"I feel sure that if I continue taking this Tanlac Rheumatism Treatment it will drive away my rheumatism altogether," said Miss Emma Hill, 250 Short street, Lexington, Ky.

"I had dull rheumatic pains in the muscles in various parts of my body. At times it felt like my bones were just aching.

"The rheumatism affected my health generally, I guess, because I got so I felt tired and it was hard for me to do my work.

"I knew I had to do something, so when I heard about Tanlac Rheumatism treatment I decided to take it. This new rheumatism medicine has helped me a great deal. I have taken two packages now and the rheumatic pains are almost gone. I'm sure if I keep taking Tanlac Rheumatism Treatment the pains will leave me entirely.

"I notice that my general health is improving, too, since the rheumatism is better."

If you suffer from rheumatism get Tanlac Rheumatism Treatment today. It has helped hundreds of Kentuckians. You can get it at

VARDEN & SONS.

For Weak Folks

Take Tanlac, the famous tonic if you feel run down. It is made up of medicinal roots, barks and herbs and is an excellent strengthener and system cleanser. You can get Tanlac at

VARDEN & SONS.

War-time Responsibility— Yours and Ours

National necessity has put a new responsibility on every motorist.

Utmost service is demanded—the highest usefulness of yourself and your car.

Service and economy are your only considerations.

Our responsibility goes hand in hand with yours.

As the largest rubber manufacturer in the world, it is our duty to supply you with tires of unfailing reliability and extreme mileage.

United States Tires are more than making good in this time of stress.

They are setting new mileage records—establishing new standards of continuous service—effecting greater economy by reducing tire cost per mile.

There is a United States Tire for every car—passenger or commercial—and every condition of motoring.

The nearest United States Sales and Service Depot will cheerfully aid you in fitting the right tire to your needs.

**United States Tires
are Good Tires**

A complete stock of United States Tires is carried by the following Sales and Service Depots:

ELECTRIC TRENCH GUN FIRES AT TERRIFIC SPEED.

In the vernacular of the trenches a machine gun is a "coffee mill." And now there comes into the limelight a weapon, illustrated in the May Popular Mechanics Magazine, that looks like a coffee mill and operates like a cream separator. Moreover it is designed to slaughter Huns more rapidly and economically than existing instruments. It is a centrifugal gun that hurls as many as 3,000 steel balls a minute without employing explosives of any kind. The contrivance, in the mind of its inventor, is adapted to replace machine guns in the first line trenches. The mechanism is preferably driven by an electric motor incorporated in the body of the device, but other means may be employed. The weapon has no barrel or sights, and in no physical respect whatever resembles a rifle. The missiles are fed from a hopper to a disk that revolves at terrific speed. They are hurled with sufficient force to pierce 3/4-in. boiler plate at 100 yards, it is claimed. With the firing speed five times greater than that of the fastest machine gun, the invention believes the weapon capable of great effectiveness.

GERMAN EMPLOYEE OF THE STANDARD ARRESTED AS SPY

Agents of the military intelligence service brought to New York City from Protent, N. Y., Saturday, a German named Hans Lentz, a former employee of the Standard Oil Company, in whose possession they said were found papers, taken from the files of the company, on which were listed all the standard oil ships with those which have been torpedoed checked off.

Never leave the house without kissing the wrinkles on your old mother's face, boy. And don't forget to tell her that they are dimples.

SOCIAL AND PERSONAL

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Evelyn Price Buck is very ill at her home on Pleasant street.

—Miss Jonie Cain has returned to her home near Paris after a visit to friends in Richmond.

—Mrs. Lester Kash has returned to her home on Fifteenth street after a visit to friends in Winchester.

—Mrs. W. F. Turner, who is a patient at the Massie Memorial Hospital, in Paris, is improving slowly.

—Mrs. W. L. Yerkes and daughter, Miss Elizabeth Yerkes, have returned to their home in Pasadena, Calif.

—Mrs. F. S. Elder is a patient at the Massie Memorial Hospital, in this city, where she will undergo an operation this week.

—Miss Lou Petree, who is a student at the University of Cincinnati, is a guest of her aunt, Dr. Martha Petree, on Vine street.

—Mr. C. Flightmaster, of the Indiana Refining Company, is confined to his home on South Main street, with an attack of typhoid fever.

—Miss Elizabeth Vice has returned to her home in Cynthiana, after a visit to her sister, Mrs. Clarence Hill, on South Main street.

—Mrs. Wm. B. Ardery and son, Wm. B. Ardery, Jr., have gone to Richmond, Va., to visit relatives and friends for several weeks.

—Misses Vella Mastin and Georgia Christman and Messrs. Gus Christman and Samuel Mastin have returned from a visit to friends in Richmond.

—Misses Agnes Sullivan and Mary Garland have returned to their homes in Lexington after a visit to Misses Rosa and Elizabeth Toohey, near Paris.

—Mrs. Jos. Prues and little son, Jos. Prues, Jr., of Cincinnati, are guests at the home of Mrs. Prues' father, Mr. Edward Welsh, on Clifton avenue.

—Mr. Wm. W. Hinton has returned from a Cincinnati hospital, where he has been a patient for several weeks, following a serious surgical operation.

—Miss Sara Power has returned from school at Science Hill, in Shelbyville, to spend her vacation in this city with her parents, Mr. and Mrs. H. A. Power.

—Miss Mattie Lilleston has returned from Hawkinsville, Georgia, to spend the summer here. Miss Lilleston has charge of a large class in music in Hawkinsville.

—Mr. and Mrs. Morris Renick have returned to their home in Middletown, Ohio, after a visit to Mr. and Mrs. B. M. Renick, Mrs. W. H. Renick and Mr. and Mrs. Duncan Bell.

—Mr. Fred Frendberg has returned to his duties at Birmingham, Ala., after a visit to friends in Paris, where he was for a long time in the employ of the Louisville & Nashville civil engineering corps.

—Mrs. Keith Phillips, of Atlanta, Georgia, is a guest at the home of her parents, Mr. and Mrs. James Douglas, at the corner of Main and Eleventh streets. Mrs. Phillips was formerly Miss Marguerite Douglas.

—Mr. and Mrs. Wolford Ewalt and Mr. and Mrs. Vernon Parks are hosts and hostesses this week to Mrs. Lester Ammerman and daughter, of East St. Louis, Ill., and Miss Mary Alice Moore, of Brooksville.

—Mrs. William Garrard Talbott attended the Commencement exercises of Margaret College at Versailles, Tuesday. Her daughter, Miss Martha Talbott, who is a student there, returned with her to spend the summer vacation at home.

—Miss Alice Rogers Clay, who is attending the Holton Army School at Washington, D. C., is a guest of her mother, Mrs. Mae Stoner Clay. Miss Clay will remain during the month of June, returning to her school in July.

—Mrs. David Bachrach and two little daughters have arrived from Little Rock, Ark., for a visit of several weeks at the home of Mrs. Bachrach's parents, Mr. and Mrs. Louis Wollstein, on Pleasant street. They were met at Louisville, Wednesday, by Mr. Wollstein.

—Mr. Edward F. Simms, of Houston, Texas, and Mr. Henry Oliver, of Pittsburg, Pa., are here visiting Mr. Simms' fine country estate, "Xalapapa Farm," on the North Middletown pike, near Paris. They will be guests of Mr. Simms' sister, Miss Lucy B. Simms, on Second street, during their stay.

—Prof. R. Dean Squires, Mrs. Squires and their daughter, Eva Dean Squires, were guests of friends in Paris, Wednesday. They were en route to Logoda, Ind., to visit Mrs. Squires' parents, Mr. and Mrs. Geo. Hershberger. Prof. Squires is Superintendent of the Carlisle Public Schools.

—Mrs. Robert Anderson, of Lexington, formerly Miss Hazel Cottingham, of Paris, underwent a surgical operation at the Good Samaritan Hospital, in Lexington, Monday night. Mrs. Anderson rallied nicely from the shock, and is reported as getting along very well. Her mother, Mrs. A. W. Cottingham, of Paris, is with her.

—Mr. and Mrs. J. H. O'Neill and their charming little daughter, Elizabeth Wathen O'Neill, who have been guests of Mr. and Mrs. Charles Whaley, at their home in East Paris, have returned to their home in Lebanon. Miss O'Neill is one of the most charming little tots that has visited Paris for many seasons, with a sunny disposition that makes her an instant friend with all.

(Other Remains on Page 5.)
SOCIALIST AGITATOR GIVEN TEN YEARS IN PRISON.

Mrs. Rose Pastor Stokes, convicted of violating the espionage act, was sentenced Saturday to ten years in the Missouri penitentiary. The wife of the millionaire New Yorker will regain her liberty under \$10,000 bond pending preparation by her attorneys of a bill of exceptions on which an appeal will be based.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

It would be easier to take Vor-meezele and Poeperinghe than to pronounce them.

WILL BE HARD TO GET A FUR- LOUGH.

If there are any Kentuckians or Indians who have applied for furloughs on agricultural grounds they have slight chance to obtain them at Camp Zachary Taylor. While no definite policy has been announced by the division headquarters, furloughs are being granted only to those who have excellent reasons.

Thousands of such applicants have been received in the office of Major General Harry C. Hale, and some have been granted where it was shown that the applicants had a very good reason for asking for such a furlough. There is expected to come a time shortly where no reason will obtain a furlough for a man, for it is the general policy of the military authorities to rule that the military necessity of the time is greater than the agricultural necessity.—Evening Post.

RESIGNS POSITION.

The resignation of Mr. Thomas K. Smith as Assistant Secretary of the Bourbon County Y. M. C. A., has been tendered to the Board of Directors, and by them reluctantly accepted. The resignation becomes effective on September 1.

Mr. Smith has been tendered and has accepted a position in the faculty of the Millersburg Military Institute as athletic director for the next season. Mr. Smith is an M. M. I. graduate and a young man of high character and attainments.

BOOTLEGGERS CAPTURED.

Frank Mssinon and Bob Reynolds, both colored, were arrested by Patrolman Lusk, Monday, on a charge of bringing liquor into local option territory for purpose of sale. When presented in Police Court, Reynolds was fined \$100 and given a jail sentence of sixty days, while Mssinon's case is still pending.

Patrolman Lusk learned that the men were en route to Paris from Lexington with a good-sized stock of wet goods. He waited for them at the New Independent Tobacco Warehouse, and placed them under arrest. The men had planned originally to bring their stock into Paris unobserved by securing a buggy from a local livery stable, which had been sent to them at a point along the interurban line, but the appearance of the officer on the scene upset their scheme.

AUCTION.

Used furniture to be sold at C. O. Hinton store room, Saturday, at 2 o'clock. Beds, Dressers, Sideboards, Tables, Chairs, Kitchen Cabinets, Stoves and Rugs.

(1t)

HAIL INSURANCE.

Insure your tobacco against hail. I represent reliable, prompt paying companies.

BELIGAN RELIEF LAWN FETE

Mrs. James H. Thompson, Jr., of Paris, will represent Bourbon county as one of the patronesses at the "Beligan Relief Lawn Fete" in Lexington this evening, the weather permitting. The fete, which will be the first affair of the kind to be given in the Bluegrass region, will be held on the lawn at "Lyndhurst," home of Judge and Mrs. George B. Kinkead, at the corner of Rose and High streets. The hours will be from six to eight-thirty o'clock.

Tables will be set under the trees on the lawn and a dance will be given on the lawn, so the committee announces. Refreshments and a menu will be served by a group of young ladies. "Surprise acts," which have been arranged by the committee, will feature the fete. Bourbon county people will be present in numbers, as the entertainment is to be repeated here at an early date.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Gertrude Lusk has returned from a visit to friends in Winchester.

—Mrs. Eugene Bird, and son, Dillard Bird, of South Main street, are guests of relatives in Covington.

—Miss Nanette Wallingford has returned to her duties in Winchester, after a visit to friends and relatives in Paris.

—Misses Margaret Shea and Elizabeth Gregory have returned from a visit to Mr. and Mrs. James Porter, in Louisville.

—Mrs. Julia Price and Miss Lillie Sparks, of Marshall, Mo., are guests of Mrs. Thompson Tarr and Mrs. C. A. Daugherty.

—Mr. and Mrs. Wallace Clark and son, Rogers Clark, have left for a visit to Mrs. Clark's mother, Mrs. Lynch, near Boston, Mass.

—Mrs. Homer Shy is a patient at the Massie Memorial Hospital, in this city, where she underwent a surgical operation Monday night.

—Miss Madge Taylor has returned from Kentucky Female College, Midway, to spend the vacation with her father, Mr. J. E. Taylor, in East Paris.

—Mr. J. Cal Holt, a former resident of Paris, has returned to his home in Grand Rapids, Mich., after a visit to his brother, Mr. J. Harry Holt, near this city.

—Mrs. Jack Woods has returned from a visit to her daughter, Mrs. Chas. Hendricks, in Louisville, and her son Mr. Baldwin Woods, of the Barrow Base Hospital Unit No. 40, at Camp Zachary Taylor.

—The New York notes in the Courier-Journal says: "Mrs. Harry Simon, of Paris, Ky., was in the Metropolis for most of the present week, staying at the Breslin. . . . H. N. McKinney, of Paris, Ky., is spending a few days in New York."

—Mrs. R. C. Wolford and niece, Miss Nettie Ewalt, have returned to their home in Johnson City, Tenn., after a visit to Mr. and Mrs. S. L. Ewalt, on Railroad street. Mrs. Wolford was formerly Miss Maggie Ewalt, of Harrison county.

—Mrs. Brooks Dodson, of Frankfort, is spending several days in Paris, as guest of her mother, Mrs. J. V. Lytle, and other relatives, and attending the Commencement exercises at Paris High School, her niece, Miss Eleanor Lytle, being one of the graduates.

—Mrs. Frank P. Lowry, of Paris, and Mrs. Alfred Zembrod, of Lexington, have returned from a pleasant trip to Detroit, Mich., where they went to attend the National Convention of Arts as delegates from the Kentucky Federation of Woman's Clubs.

—Mr. Z. L. Wilcox, secretary of the Bourbon County Y. M. C. A., will leave today for Springfield, Mass., to attend the Employed Officers Conference of the National Y. M. C. A. He will visit his mother, Mrs. Mary Wilcox, in Brooklyn, N. Y., before his return. Mr. Wilcox will be gone about two weeks.

—Among visitors here Wednesday were Rev. and Mrs. John Burden, of Frankfort. Rev. Burden is a former Paris boy, a son of Mr. and Mrs. Luther Burden, who will be remembered by the older residents of Paris. Rev. and Mrs. Burden spent a very pleasant day, the latter in renewing old acquaintances and revisiting the scenes of his boyhood.

(Other Personals on Page 3.)

PUBLIC SALE OF SEVENTH ST. RESIDENCE.

Having decided to leave Paris, I offer at public auction my residence on Seventh street. Sale Saturday at 2 p. m., June 15. Practically new frame house with 8 rooms, pantry, bath complete, gas and water, yard, garden, fruit trees, etc. Lot 60x305 feet.

For particulars, see Harris & Speakes.

(7-14) T. A. HENDRICKS.

HOUSEKEEPERS GLAD TO SEE OIL ON THE STREETS.

The housekeepers of Paris are delighted to note the work of spreading the oil on the streets of Paris, designed to keep down the dust that has filled the air during the Summer days.

The City received two tanks of the heavy oil last week and the arrival of another tank is looked for this week which will make a total of 20,000 gallons of oil to be used on the streets. For all of which we are profoundly thankful. Last year the oil cost the city at the rate of five cents per gallon. This year the cost is doubled.

THE W. S. S. CAMPAIGN.

Money and pledges have been coming in to the office of Miss Elizabeth Steele, Chairman of the War Saving Stamp Campaign in this county. Since the campaign began last Saturday more than \$5,000 worth of stamps have been disposed of. On Wednesday a total of \$1,157.01 was realized from the sale of stamps. The number of persons who have taken the limit in the purchase of stamps has now reached 107, two being added to the list this week.

The campaign will be vigorously prosecuted all this week and next and on up to the closing day, on June 28. While it is on let us hope that Bourbon will come to the line with a large oversubscription, as she has done in other campaigns. It can be done, and it must be done.

FOR RENT.

Cottage of 4 rooms, bath, kitchen and laundry. Front room can be used for office. Two rooms upstairs. Location, 623 Main street. Apply to MRS. J. B. NORTHCOTT, Pleasant Street.

(tf)

PUBLIC SALE

OF

Seventh Street Residence

Having accepted a position as President at Hamilton College, Lexington, Ky., I am compelled to move there and will sell at Public Auction

Saturday, June 15th

at 2 p. m., on the premises, my two-story practically new frame residence, located on Seventh Street. Has eight rooms, pantry, bath complete, electricity, gas, front porch and glassed in back porch, seven large built in and finished wardrobes, celled attic, eight inch concrete foundation, splendid cistern, grapes, fruit trees, chicken yard and garden. Plumbing has never been out of order.

Lot 60x305 feet.

This residence is situated in an excellent neighborhood and is modern and convenient in every respect.

At the same time and place, I will sell my household and kitchen furniture, chicken coops and garden tools.

TERMS—Easy, and made known on day of sale.

PROF. T. A. HENDRICKS.

For particulars, call Harris & Speakes.

(7-21)

Lend Your Money As Freely As They Are Giving Their Lives

You don't have to fight, you don't have to die.

But—

Your son does, or your brother who is now across the way—or the kid in khaki to whom you used to give pennies a short time ago.

That money you have laid away for "a rainy day"—wouldn't you give every nickel of it to keep a Hun's knife away from his throat?

Well, the Hun is here, and so is his knife—and so is the "rainy day"—it's raining now, raining bombs and shrapnel on our boys "over there."

JUNE 28th National War Savings Day

On that day the nation will call upon you, not just your neighbor—but you—to pledge yourself to the purchase of a certain number of War Savings Stamps during 1918.

Lend your money as freely as they give their lives.

National War Savings Committee

This space contributed for the Winning of the War by

O'NEAL & MARTIN

WE are showing the most extensive and beautiful line of Wall Decorations we have ever shown. These Wall Papers were purchased before the big advances. We can surely save you money, in addition to giving you the very latest and newest patterns, and would be pleased to have you call and inspect our offerings.

THE J. T. HINTON CO.

"Thinned Blood Means Health; While 'Watery' Blood Spells Sure Death"

Dr. Robert J. MacInalls, Noted Surgeon, Gives Interesting Lecture on Modern Methods of Treating "Spring Fever."

NEW YORK, June 5.—Speaking before an audience composed largely of nerve specialists and dietitians at the Waldorf here, Dr. Robert J. MacInalls, the distinguished surgeon, laid particular stress upon the importance of keeping the blood in a healthy condition as a means of warding off disease; and called attention to the fact that many people, in an endeavor to stave off or relieve so-called "spring fever," gorge themselves with sulphur, calomel, sarsaparilla and similar concoctions which not only thin the blood, but cause it to become "watery" and unhealthy, thus exposing themselves to the ravages of any disease which may beset them, and at the same time weakening and undermining their entire system. He said in part:

"Very few people are cognizant of the importance of keeping the blood in strong and healthy condition as a prophylaxis against disease, and it is the duty of the medical profession to instruct the public in this prime essential of good health."

"I am sorry to have to confess that there are members of our profession who, for the love of the almighty dollar, still keep their patients in ignorance on this most important subject; and still others, styling themselves physicians, who resort to the Black-Age doctrine of prescribing such nostrums as tend to weaken the blood, thus causing it to become 'watery,' and thereby superinducing various forms of anaemia and general debility."

"This practice should be vigorously prosecuted, and only such reme-

dies should be employed as will tend to strengthen, as well as thin the blood. A certain amount of both white and red corpuscles are prerequisite to good health and to properly ward off disease; thus to prescribe various forms of calomel, sarsaparilla, sulphur and similar medicaments is like prescribing salt and vinegar to the victim of obesity."

Acid Iron Mineral not only thins the blood, but strengthens and invigorates it. For those who suffer from the effects of thickened, heavy blood, coagulated and polluted with the waste matter of the winter's accumulation, A-I-M stands without a peer; for it not only thins and purifies the blood, but carries the various impurities out of the system—naturally and effectively. As a general "spring tonic" and as a prompt relief for that "tired feeling" and rundown condition so prevalent at this season, it remains the only natural, non-corrosive, fully assimilable and digestible iron known to medical science.

On the market over thirty years, and with thousands upon thousands of testimonials from physicians, lawyers, clergymen, pharmacists and laymen who testify to its merits, A-I-M is the only remedy on the market which is sold with the distinct understanding that its purchase price will be refunded if it fails to benefit in every possible degree. Reject all spurious imitations, which profit-seeking druggists try to foist upon you, and demand the original Acid Iron Mineral.

For sale by Brooks & Snapp. (adv)

JUST HOW GOOD WAR SAVINGS STAMPS ARE.

It is appropriate at this time to again call attention to the value of the War Savings Stamp as an investment. In the first place it is almost unnecessary to say they are the safest investment that can be made, backed as they are by the strongest government in the world. They will always remain at par, not being subject to the market fluctuations of other securities, even of the Liberty Bond. They are free from tax. Their early maturity (five years) makes them ideal investments for young people who may need the money within a few years for educational or other purposes at a time in life when

a few hundred dollars will count more than thousands later. They bear a good rate of interest and are worth their face value from the day they are bought until they are redeemed by the Government. Best of all, they fill the card and certificates with amazing rapidity, through the setting aside of unmissed pennies, quarters and dollars, until with the accumulation of stamps, comes the national habit of saving, and the double service to self and nation.

Lloyd George's attitude toward the world is very much like that of our own Teddy Roosevelt. Life is to him a succession of interesting adventures, and his hat is always ready for a shy into the ring.

FULL TEXT OF "EVERYBODY-BODY-MUST-WORK" LAW.

Following is the text of the State law, effective June 20, next, which prescribes the requirements made of all able-bodied men during the period of the war:

"Section 2. From the time this act becomes effective, and thenceforward until six months after the termination of the present war between the United States of America and the imperial German government, all able-bodied male residents of this State between the ages of 16 and 60, except bona-fide students during school term, who shall refuse to regularly engage for at least 36 hours per week in some lawful or recognized business, profession, occupation or employment, whereby he may contribute to the support of himself and those legally dependent upon him, shall be held to be a vagrant within the meaning and effect of this act, and shall be guilty of a misdemeanor. Upon conviction the defendant shall be fined not less than \$20 or more than \$100 for each offense. As a part of such punishment, such offender shall be sentenced by the trial court to work not exceeding 60 days upon the public roads or streets, or upon some public work being done in this county in which persons shall be convicted, or by any municipality therein. One-half the fair value of any such labor so performed under such sentence shall be paid by such county or municipality receiving the same towards the support of any person legally dependent upon each, but if there are no such legal dependents, then no payment shall be made on account of any labor performed under such judgment. Any labor so required by a judgment or conviction hereunder shall be rendered in all respects as now provided by law in the case of prisoners in jail. Prosecutions hereunder shall be instituted and conducted as other criminal prosecutions, and in no case shall the possession by the accused of money, property or income sufficient to support himself and those dependent upon him be a defense to any prosecution under this act. In no case shall the claim by the accused of inability to obtain work or employment be a defense to a prosecution hereunder."

"Section 3. All county judges, justices of peace, mayors and police judges within the State are hereby given jurisdiction to try and punish all offenders under this act, or such prosecutions may be by indictment. Each week or portion thereof that such resident shall continue a vagrant hereunder shall constitute a separate offense and no appeal shall be allowed from any judgment or conviction for vagrancy unless the accused shall give bond, with penalty and security fixed and approved by the court granting the appeal, continued not to violate this act during the pendency of such appeal. Any judgment for the performance of labor hereunder may be suspended by the court pronouncing the same, upon the execution by the person convicted of a bond, with the penalty and security approved by the court, conditioned to comply with provisions of this act for one year from the date of such bond. A violation of the condition of such last mentioned bond shall entitle the State to recover the amount of the penalty thereof, and in addition thereto the convicted person shall be rearrested and required to serve the sentence formally pronounced against him."

"Section 4. For the purpose of this act any male person found in this State shall be deemed a resident, and in any prosecution hereunder proof that the accused habitually loiters in idleness in streets, roads, depots, poolrooms, hotels, stores or other public places, or that he is habitually intoxicated, or addicted to the use of narcotic drugs, or is a professional gambler, or being able-bodied is supported in whole or in part, by the labor of any woman or child, shall be prima-facie evidence of vagrancy."

"Section 5. It shall be the duty of sheriffs, constables, mayors, marshals, sheriffs, chiefs of police, policemen and all other police officers to arrest any person within the territorial limits of their jurisdiction whom they believe to be violating the provisions of this act."

STRANGE CASE OF FORMER KENTUCKIAN IN CALIFORNIA.

A case unusual in California medical annals and one which is puzzling local physicians is that of Clark L. Hume, formerly of Fayette county, Ky., who died ten minutes after he has been stung on the wrist by bees at his ranch near Santa Anna, Calif.

It is believed that the sting of the bees was so violent that the venom was injected into a vein and conveyed to the heart which caused immediate action on the blood.

Hume came to Los Angeles several years ago from Kentucky and has amassed a considerable fortune, owning one of the largest ranches in the district.

HOW TO AVOID THE FLY.

Flies dislike blue and will avoid a room decorated in that color, according to S. Dana Hubbard, the newly appointed director of the Bureau of Public Health Education, who inaugurated "swat-the-fly" day in New York by publishing some new rules for getting rid of the pests. It has been learned from tests that flies will not go through slats of a blue shutter, Mr. Hubbard declared. Other advice to fly swatters follows:

"Flies hate oil of lavender. If this is mixed with an equal quantity of water and sprayed from an atomizer about a dining room, the room will be free from flies."

"Flies hate the perfume of geraniums, mignonette, heliotrope, white clover, honeysuckle and hop blossoms. Bouquets of these upon a table will keep the flies at a distance."

We may be wrong. But we'll bet that a girl believes that a man who asks for a kiss doesn't want one very badly.

HOOVER ASKS RESTAURANTS TO SHORTEN THEIR MENUS

Measures to lessen the variety of foods served in hotels and restaurants of the United States were taken Saturday by the Food Administration John McE. Bowman, who is in charge of the Administration's work among public eating places, telegraphed his representatives in all the States to urge hotels and restaurants not to serve many kinds of foods needed for shipment abroad.

Mr. Bowman believes that from fifty to 100 items of food can be eliminated from menus, and under his plan most eating places would serve "regular luncheons" somewhat on the order of table d'hôte meals.

In asking the hotel men of the country to co-operate with him without regard to legal authority to enforce restrictive regulations, Mr. Bowman said he believed it possible to eliminate steaks and roast beef, except two or three times weekly.

We all have a fool idea that everybody else's business is more attractive than our own.

BEVERA is Beneficial to Every Nursing Mother

For strength and nourishment there is nothing that surpasses Bevera as a liquid food.

The nursing mother requires food and drink that is beneficial to the entire system.

In selecting a drink be sure of the ingredients used—be sure it is pure, that it contains food value.] When you drink

BEVERA
MADE IN CLEVELAND

you can be absolutely sure that it is pure, that it is made from ingredients that are strong in health building, strength giving qualities.

The taste of Bevera is pleasant and as a tonic it is of great value. It is a pasteurized drink—bottles are sterilized and you get it sealed, airtight.

Impurities are impossible—mother and children may drink it freely. There are no harmful after effects, for Bevera is a non-intoxicating beverage, made from Pearl Barley, Hops and distilled water.

Buy a box today—try it at meal time and drink it regularly, whenever you are thirsty. You will quickly notice the benefits to be had in every bottle.

Place your order with any druggist, grocer, confectioner or soda fountain

MILLERSBURG

—Mrs. Mattie B. Hawes visited friends in Lexington from Wednesday until to-day.

—Mr. Earl Hill, who has been confined to his home for several months, was able to attend the Commencement exercises.

—Dr. and Mrs. C. B. Smith attended the Commencement exercises of Georgetown College, Wednesday. Their daughter, Miss Martha, was one of the Class of 1918.

—Mrs. J. B. Day and daughter, Miss Lillian Day, of Paris, were commencement guests of her sister, Mrs. Mary L. Huffman; Miss Mary E. Allen, of Lexington, with Mrs. W. M. Brown; Mrs. A. S. Venable, of Lexington, with Mrs. J. A. Butler; Mrs. C. W. Howard, of Lexington, and daughter-in-law, Mrs. G. M. Howard, of Cleveland, Ohio, with the Misses McIntyre.

—The Millersburg Dancing Club gave a dance at the opera house Wednesday evening. It was one of the most brilliant dances in many years. The floor space was practically full. Quite a number of visitors remained over from the commencement in order to be present. All of the surrounding towns were represented. Music was furnished by the Smith Saxophone Trio, of Lexington, and was good. A delightful midnight menu was served at the Blue Bowl.

—Dr. Kerr Boyce Tupper preached an interesting sermon at the Methodist church, Sunday evening, to a large audience. It was a powerful discourse, and like his morning sermon to the graduating class, was enjoyed by all present. The musical program was good, though not so elaborate. The commencement exercises were continued Monday morning. Millersburg was out early, the Cadets and young ladies of the Red Cross Chapter formed a parade at the Depot at 8:05 a. m., and marched from there to the M. M. I. Campus, headed by a Lexington band. At 9:00 a. m. the exercises on the M. M. I. Campus were opened. The weather was ideal, and the crowd large. The two companies in the competitive drill showed up nicely. The Cadets put up a brilliant appearance, as the school was perhaps the largest time year than at any previous time. They were drilled hard by Col. Best. The medal in the manual of arms was won by Cadet Theodore Phillips of Winchester, winning over Cadet J. G. Allen, of Millersburg. Company B, carries the flag next year, this being two years consecutively it has been so honored.

At 11:00 a. m. the Service Flag, which was presented to the school by the class of 1918, was unfurled. The presentation address was made by Cadet Watson, of Ashland. His address was short and good. It was received by Col. C. M. Best, whose address was equally good, and reminded us that when he noted the stars on that flag, and remembered the dear boys they represented, he had to almost tie his heartstrings down.

The address on the occasion was delivered by Rev. W. E. Ellis, of the Christian church at Paris. It was appropriate, full of war, pointing out to us most clearly our duties to our country, the allied Nations and the boys in the trenches.

At 3:00 p. m. the M. M. I. ball team crossed bats with the Cynthiana team on M. M. I. Campus. Another large audience was in attendance. The game was interesting and swift, the score standing at its close 7 to 4 in favor of M. M. I. The local Red Cross Chapter served ices, sandwiches and coffee on the M. M. I. Campus during the day, and cleared more than \$100.

At 8:00 p. m. Monday evening, the old Cadets put on a two-act vaudeville at M. M. I. Auditorium. It is needless to say that the audience was large. People from all the surrounding country gathered in to see the old boys. This entertainment had not been rehearsed, as the participants resided in various places, some out of the State. One sketch was omitted from the program on account of two ex-Cadets having to return to camp before the entertainment. It was well handled, in view of the fact that there had been no previous meetings. Several responded to encores.

At 10:00 a. m. Tuesday, the twenty-fifth annual commencement of the M. M. I. was held at M. M. I. Auditorium, at which time twenty young men took the degree. A good musical program had been arranged. The baccalaureate address was delivered by Dr. Kerr Boyce Tupper, of Philadelphia. It was short and informal. At the close of the address Col. Best presented the diplomas in a neat address. The class honors were then bestowed, the two highest being Cadet Watson, of Ashland; second honor Cadet Allen, of Millersburg. A large number of old Cadets were present. It being home-coming day, all who were present of the Class of 1897, were then awarded diplomas. The institution did not begin giving diplomas until 1897. Those present of the class of 1897 were Rev. J. A. McClintock, of Richmond, Dr. I. D. Best, of Cynthiana, Oliver Marshall, of Paris, and J. H. Barnes and J. A. Adair, of Millersburg.

The latter part of the morning was devoted to short addresses for and by the old Cadets. The old Cadets were addressed by Judge Harmon Stitt, of Paris. The following Cadets delivered short addresses: Rev. J. A. McClintock, Richmond, Dr. I. D. Best, of Cynthiana, M. P. Collier, of Paris, and S. M. Allen, of Millersburg. Col. Best announced at the close of the exercises that there would be several changes in the faculty, one of the new members being T. K. Smith, of Paris, a former Cadet of the institution, who is well-known here, and popular with everybody. At noon the exercises closed, a furlough was then granted until September 12, and a list of officers for next year read. Thus closed the most brilliant Commencement season during the time of

TROCO

The Successor to Butter

Made From the White Meat
of Tropic Coconuts

WHILE European countries have long used butter made from cocoanuts, America has perfected the de luxe product. The flavor of Troco is only rivaled by the finest dairy product. The more critical you are the better you will appreciate the quality of Troco.

Your enjoyment of this new delicacy is increased by the thought of its appetizing ingredients. The fat from the same dainty white coconut meat you use shredded on cake and pure pasteurized milk is an appealing combination.

The fastidious care used in every process of making is another recommendation. The makers of Troco specialize in this one product.

High Nutritive Value

Troco, like butter, is invaluable energy food of the highest nutritive value. It is equally digestible and easily assimilated.

It is not a substitute for butter, but really butter's successor, solving the butter problem for millions.

Old laws, made before this great discovery, compel us to label it as an oleomargarine, but Troco contains no animal oils — and no preservatives — it is made only from

vegetable fats and milk — wholesome, natural ingredients. A capsule of the same vegetable coloring used by butter makers supplied with every carton by your grocer.

Judge It for Quality Alone

Troco wins users on quality alone. You should judge it from this standpoint only. Compare it to the finest creamery butter you have ever used. Serve it without explanation. The unanimous verdict will be "Please pass the Troco."

Col. and Mrs. Best in our midst.

In the afternoon at 2:30 a ball game was played on M. M. I. grounds between the farmers and business men of the town. It was a game full of fun and errors, many of these people had not played ball for several years. The game resulted in a score of 18 to 16 in favor of the town boys. At 8:30 p. m. a brilliant cotillion was given at M. M. I. Drill Hall by the Cadets and ex-Cadets, under the direction of Mrs. Tandy Hughes, of Lexington. The music was furnished by the Weber Band, of Cincinnati, and was good. A large number took part, and at time the floor space of the Drill Hall was full. The figures were beautifully danced, and the favors given appropriately. This is the second cotillion that has been given at M. M. I. under the management of Mrs. Best. The first was at the home-coming in 1913.

Col. and Mrs. Best came to Millersburg in 1893. The first year of Mrs. Best's sojourn with us was instruc-

tor in elocution at the M. F. C. under Dr. C. Pope. Prof. Best conducted a private school in the old K. W. C. property, which they now own. They occupied rooms in what was then the Fleming house, and is now occupied by the Bowles House. Later they moved to the property of Mrs. Mary K. Baxter, now occupied by Dr. and Mrs. H. M. Boxley. After a short time Col. Best established a school, which was then called the Millersburg Training School, Prof. Best having military training.

Shortly after this the citizens of Millersburg gave a picnic in the grove of Mr. C. C. Clarke, Sr., on the Maysville pike, one mile north of town. A small admission of ten cents was charged for all who entered the grounds. Everything was sold on the grounds that is usually sold at a picnic. The weather was ideal, a large crowd was present, and a nice sum realized. This money purchased the first guns that were bought for military purposes. The school was es-

tablished and named the M. M. I.

The old Kentucky Wesleyan property was still in the care of the Board of Education of the M. E. Church South. After several years, at the annual conference, which at that time convened at Carlisle, Maj. Best succeeded in purchasing the property. From the time it fell into the hands of now Col. and Mrs. Best it began undergoing improvements. The old place has undergone a complete change. A large drill hall was built north of the old building. A long barracks and offices have been erected south of the building. These are connected with the main building by double arcades. All of the Savage property has been purchased, also three acres of the farm of Mr. J. A. Butler, which have been added to the grounds. Flower beds and beautiful shrubbery beautify the front lawn, concrete pavements have been laid wherever it was necessary for a sidewalk, and a pavement along the full length of the property on the street.

The institution has its own electric light and water system. A few years ago a three-hundred-foot flag staff was erected on the front lawn, where Old Glory can be seen at a long distance waving in the breezes.

It is sometimes mighty hard to trace the relationship between cause and effect. Who would have thought when the thermometer stayed down out of sight for days at a time last winter that we would pay more for ice this summer?

It is reported that the former Czar and his family were forced to move May 1st. People who have experienced the joys of moving will be inclined to accuse the Russian power-that-be of cruelty.

JUNE COMMENCEMENTS.

The Commencement season for the pupils of the Paris Public School began Sunday night, when the Methodist church was crowded by an audience eager to hear the baccalaureate address by Rev. George B. Combs, pastor of the church. The auditorium was decked in the school colors, orange and black, most attractively and artistically displayed in schemes of decorative effect. The seventeen young people composing the class of 1918 occupied reserved seats together with the members of the faculty. After the invocation by Rev. J. J. Rice, pastor of the Paris Presbyterian church, Rev. Combs delivered the baccalaureate address, a masterpiece of wordpainting, pleasing, eloquent and interesting, taking as the subject of his address, "A Young Man's Choice." The exercises closed with the singing of "America," by the audience, and the benediction pronounced by Rev. R. C. Goldsmith, pastor of the Paris Baptist church.

On Tuesday evening the Juniors gave an enjoyable reception at the High School for the Seniors. Dignity of rank and the weighty importance of other affairs were forgotten or put aside and everybody had a good time.

Wednesday evening a large crowd assembled in the auditorium of the High School to witness the presentation of the High School play by High School students, "Fanny and the Servant Problem." The play, which was admirably staged and most certainly well "put on" was under the direction of Prof. F. W. Clarke, and did credit to the instructors, the members of the cast, and all who had part in it. The characters being in capable hands, were given a faithful interpretation. Lack of space forbids paying deserved tribute to each member of the cast. After the play the class of '18 and the members of the cast were guests of Prof. Clarke, at "The Sweet Shop," where they were entertained in a royal manner by the host and his corps of assistants.

The Commencement exercises proper were held in the High School Auditorium, last night, beginning at eight o'clock. Opening with music by the High School Orchestra and following the invocation by Rev. J. J. Rice, the following program was observed:

"Come where The Fields Are Beaming," Girls' Glee Club; "Co-operation," Miss Edna Snapp, Salutatorian; "The American Soldier," Miss Eleanor Lytle, Class Representative; "Hark to The Rolling Drums," Girls' Glee Club; Valedictory, "The American Spirit," Robert Lavin; Commencement Address, "The Spirit of Culture," by Prof. W. C. Bower, of Transylvania University; "Sandman, Am-A Softly Comin'," Girls' Glee Club; Presentation of Diplomas to Class of '18, by N. H. Rion, Secretary Board of Education; Announcements; Benediction by Rev. R. C. Goldsmith.

An informal reception was held at the conclusion of the exercises by the teachers and the class, in lieu of the annual banquet. Each teacher, alumnus and members of the Board of Education was permitted to bring one guest to the reception. An admission fee of twenty-five cents was charged, which was converted into a fund to help defray the expenses of the reception.

The seventeen young men and women of the class of '18 who left the shadow of the old P. H. S. last night to begin their way in the world are: Elizabeth Vernita Baldwin, Emma Louis Burley, William Brophy, Mary Elizabeth Clark, Mabel Galloway, Fannie Geneva Heller, Charles A. Kenney, Robert Edward Lavin, Jennie May Link, Ruth Mae Linville, Eleanor Clark Lytle, Lena Leoto Rose, Edna Dee Snapp, Lawrence A. Soper, Mabel Duke Templin, Thelma Williams, Chester Clay Young, Jos. Fithian Rye.

The North Middletown Classic and Business College closed the 1918 term with two graduates, Miss Anna Frank Bridges, of Georgetown, and Mr. James Tindler, of North Middletown. A large crowd was present at the musicale which was held in the College Chapel. A splendid program

was presented by the pupils who had been tutored by Miss Andrews, of Lexington.

Fifty pupils from the Western High School in this city, will render an operetta in the Paris High School auditorium on the evening of Thursday, June 10. The operetta will be presented in three acts, the cast being in the hands of some of the most capable pupils of the school. Music will be furnished between the acts by Bishop's orchestra. An admission charge of ten cents will be made. Everybody is cordially invited.

B-4 FIRE Insure with W.O. HINTON & SON, Agts

MATRIMONIAL.

A marriage license was issued yesterday from the office of County Clerk Paton to Mr. Frank John Davis and Miss Lucy Fleet Jones, both of Millersburg.

Beautifully-engraved announcement cards have been received in Paris by relatives and friends of the groom, THE NEWS acknowledging receipt. The cards are worded as follows:

"Mr. and Mrs. Philip Lee Odell announce the marriage of their daughter, Irene, to Hughes Martin Campbell, First Lieutenant Quartermaster Corps, on Saturday, the first of June, nineteen hundred and eighteen, Jeffersonville, Indiana."

"At Home after the twenty-fifth of June, Jeffersonville, Indiana."

PAYNTER-HARPER.

Mr. Strawther Paynter, of Paris and Mrs. Mayme Harper, of Mt. Sterling were married Tuesday in Mt. Sterling at the home of the bride's sister, Mrs. J. D. Foster, the Rev. Mark Collins, of Lexington, officiating. The groom has been a resident of Paris for several years. The bride is a handsome young woman who has lived in Mt. Sterling for a number of years. Mr. and Mrs. Paynter will reside in Paris in a handsome cottage recently purchased by the groom.

SNAPP-JAMES.

Miss Maybelle Snapp, daughter of Mr. and Mrs. W. D. Snapp, of Paris, and Mr. Harry A. James, of Dayton, Ohio, were married on May 20, in Dayton, where they will reside. The bride was for several years a member of the sales force at the C. S. Goldstein dry goods store and later with the David Feld stores. She came to Paris several years ago from Carlisle. The groom is employed in the Wright aeroplane works at Dayton, Ohio.

JONES-BRANNOCK.

Miss Ethel Jones, formerly of Paris and Millersburg was married in Georgetown, Wednesday afternoon at four o'clock, to Mr. Orle Brannock, a young business man of that city. After the marriage Mr. and Mrs. Brannock came to Millersburg for a short visit to the bride's parents, Mr. and Mrs. Orle Jones. They returned yesterday to Georgetown, where they will reside.

The bride is a handsome and charming young woman. She was during her residence in Paris employed as operator in the Home Telephone Co.'s exchange, and later at Millersburg.

BOURBON FISCAL COURT.

The June term of the Bourbon Fiscal Court convened at the court house yesterday with County Judge Batterton presiding and the following Justices present: Fretwell, Thomason, Burris, Talbott, Stephenson, Wiggins, Shropshire and Turner.

A large number of claims against the county were received and ordered paid. County Treasurer Bedford was authorized to borrow the sum of \$2,500 from the Hamilton Fund for the use of the General Fund, and to execute his note for the same, to bear interest at the rate of six per cent. He was also ordered to borrow \$500 from the Garth Fund for use of the General Fund and was further ordered to borrow \$12,000 for use of General Fund, on the same terms.

The Court ratified and confirmed the action of its committee in the purchase and payment of the truck from the Bluegrass Auto Co. Justices Turner, Burris and Cline were ordered as a committee to arrange for an office in the court house for the County Assessor, and to collect rent from J. J. Williams. Justices Talbott, Stephenson and Fretwell were appointed a committee for the purpose of investigating the advisability of placing an oil asphalt treatment on the Paris and North Middletown turnpike, and given power to act. The Court then adjourned to meet at a later date.

AUCTION.

Used Furniture to be sold at C. O. Hinton store room, Saturday, at 2 o'clock, Beds, Dressers, Sideboards, Tables, Chairs, Kitchen Cabinets, Stoves and Rugs. (1t)

TEACHERS FOR COUNTY SCHOOLS ARE SELECTED.

The question of who shall be selected to lead the pupils of the Bourbon county schools next year along the paths of learning, which comes up annually, was disposed of at the annual meeting of the Divisional Trustees of the schools at a recent meeting. The selections as made by the different Boards were as follows:

Houston School—Miss Isabelle Merimee.
Ford's Mill—Miss Nancy Owen.
Clay's Cross Roads—Miss Birdie Webb.
Ruddles Mills—Miss Minnie Kiser.
Shawhan—Miss Merimee.
Palmer—Miss Nora Hudson.
Kiser—Miss Minnie Kiser and Miss Florine Maston.

North Middletown—Miss Alma Rice, principal; Miss Josephine Dettwiler, assistant.

Spears Mill—Miss Lyna Lee Pryor.
Stony Point—Miss Ada Bivins.
Escondida—No applicant.
Clintonville—Miss Virginia Bell.
Bethlehem—Miss Mary Etta Bell.
Monterey—Miss Mary Calnan.
Hutchison—Miss Elizabeth Clayton.

On account of being unable to muster a quorum, as required by law, the election of teachers in Divisions Nos. 3 and 4, was deferred until the first Saturday in July. Teachers were selected as follows for the colored schools:

Brentsville—Mary E. Harris.
Centerville—Fanny Jackson.
Ruddles Mills—Anna D. Miller.
Currantsville—Louis Evans.
Ruckerville—George Johnson, principal, and Emma Butler, assistant.

Emmettsville—James Ayers.
Claysville—Lynna Hickman, principal, Mary E. Kellis, assistant.
The reports of the work done by the schools during the term just closed, as submitted to Supt. Caywood, was highly gratifying, and showed that the pupils were anxious to excel all previous records.

SUNDAY SCHOOL PUPILS HAVE USE OF Y POOL.

Regular use of the swimming pool and the physical departure privileges of the Y. M. C. A. have been extended, through the co-operative influences of the Y. M. C. A., the Sunday School and the Church Leagues, recently organized here, to all the Sunday School pupils of the city, beginning with the Junior grades. Registration cards will be provided, which may be obtained from the Superintendent and teachers of the different Sunday schools. Upon presentation of these at the Y. M. C. A. membership tickets will be issued. Swimming classes are already in operation, and tennis and other outdoor sports are being arranged for the boys and girls and young women. Men or women who can teach athletics or teach swimming are especially invited to identify themselves with the leader's corps.

RELIGIOUS.

Morning services at the Baptist Church, Sunday at 10:45; evening services, 8 o'clock. The pastor will preach at both services. Sunday School at 9:30; B. Y. P. U. at 7 o'clock. Prayer meeting next Wednesday evening at 8 o'clock. Subject "Overcoming Self." Bro. J. T. Tucker will have charge of the service.

BIRTHS.

Near Centerville, to the wife of Mr. Edward Blake, a daughter; second child.
Near Paris, to the wife of Mr. G. B. Lovell, a daughter, weight 10½ pounds; their second child. The mother was formerly Miss Elise Taylor.

BIG SALE OF BIG CATTLE.

Mr. W. A. Thomason, of the North Middletown precinct, yesterday completed what is probably one of the biggest deals in cattle that has taken place in the county for a long time.

Mr. Thomason, who is an expert judge of good cattle, engineered a deal for the purchase of 150 head of the very choicest fat cattle on the Xalapa Farm of Mr. Edward Simms, near Paris. Mr. Thomason paid seventeen cents a pound for the cattle, or, as export cattle weigh out, a total approximating considerably over \$50,000.

PARIS MAN INJURED.

Mr. Charles T. Stone, of Paris, is confined to the King's Daughters Hospital, in Frankfort, as the result of an automobile accident in which he figured Sunday.

Mr. Stone, who is a member of the firm of Stone & Tarr, meat dealers of Paris, was driving on the pike about eight miles outside of Frankfort, when his machine swerved from the road, plunging through a fence and throwing the occupant out. Mr. Stone was cut about the face and arms. Passing autoists took him in charge and took him to the hospital. He is recovering.

NOTICE TO PROPERTY OWNERS.

Many property-owners in the city have responded to the call made by the Board of Health to clean out cesspools, vaults, surface privies, etc., and many are awaiting the scavenger, who want the work done, while others are making no effort in that direction.

The only way to keep Hawkins here is to keep him busy. Other cities are seeking his services. See him personally, or call him, Cumberland phone No. 515, and leave your order.

There must be a strict enforcement of this city ordinance. Any property-owner failing to comply with this ordinance may find himself or herself called to appear in Police Court. Please do not further trifle with the Board.

A. H. KELLER,
City Health Officer.
By order of the Board of Health,
Paris, Ky., June 3, 1918.

NEWS FROM THE KENTUCKY OIL FIELDS.

Mr. Mitchell Jackson, of the Fordham Hotel, one of the principal stockholders in the Bourbon Oil & Development Co., of Paris, recently made an inspection trip to the company's leases in Estill county. Mr. Jackson returned full of enthusiasm over the prospects for a successful season.

During his stay Mr. Jackson made a number of kodak views which are very interesting to outsiders as showing the character of the country, the drills at work; pipe lines in course of construction; the power houses and many other interesting features of the company's work. Mr. Jackson gave a very interesting account of his visit.

WAGON VS. MOVING TRAIN.

The old story of the bull trying to but the train off the track was vividly illustrated here in Paris a few days ago when a team of horses belonging to J. W. Biddle, of the county, becoming scared, ran into a rapidly-moving freight train near the L. & N. freight depot on Third street. One of the horses was badly injured, the other escaping. The wagon was being loaded with coal on a side track when the noise of the approaching train scared them.
